DETAILED ACTION

Election/Restrictions

1. Claim 172 is allowable. The restriction requirement between species 1-4, as set forth in the Office action mailed on 7/25/2003, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 185-189, 197-200 and 203-206, directed to non-elected species 2-4 are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim.
2. In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.
3. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

4. Claims 172-176, 178-181, 183-192, 197-200 and 202-206 are allowed.

5. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest the apparatus for use in performing human interbody spinal surgery comprising a guard with two passages having cross-sections with identical dimensions, a distracting element, at least one orientation pin, and a bone removal device as claimed.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
